Exciting Times at the Community Church

As we bid farewell to April showers and look forward to the blooms of May, it's fun to see our church abuzz with activity. The pitter-patter of raindrops might be tiring, but it has ushered in a season of new beginnings and lively fellowship at our church.

One of the joys we're experiencing is the influx of new faces joining our congregation, alongside our beloved "snowbirds" returning from their winter sojourns in sunny Florida. Seeing our church family grow and reconnect as we transition into brighter days is heartening for this Pastor!

Dinner with Didi
May 13 - 5:30pm

Looking ahead to May, mark your calendars for two remarkable events that promise both inspiration and community engagement. On Monday, May 13 at 5:30pm, we have the distinct honor of hosting Sister Didi from the Refilwe Bophelo Clinic in Lanseria, South Africa. Sister Didi and her husband Moalusi are visiting us as part of their journey to connect with partner congregations that have supported their impactful ministry. Join us for "Dinner with Didi," a memorable evening of fellowship, learning, and an insightful presentation about their vital work. I promise it will be an enlightening experience you won't want to miss! *(See page 3 for info.)*

Later in the month, on Wednesday, May 29, Community Church will partner with Loudon

County Habitat for Humanity to host a "Bridges out of Poverty" event. This workshop features two options for you to choose from. The

first option takes place from 10am to 2pm with an additional option from 5pm to 9pm. These sessions are designed to deepen our own understanding of poverty's challenges and explore practical ways to build bridges toward a better future. The \$25 registration fee includes a meal and a workbook. Having attended a similar workshop myself, I can attest to its profound impact. Let's come together as a congregation to support this transformative event. *(See page 6 for info.)*

These upcoming events reflect our commitment to learning, growing, and serving God and our community. It's a privilege to see the enthusiasm and dedication of our church members each week, and I encourage everyone to participate actively in these opportunities as you can!

As we navigate this season of renewal, let's continue embracing the unity, inclusivity, and compassion that define the Community Church. Let's make May a month to remember—a time of fellowship, learning, and thanking God for our abundant blessings.

With love and anticipation,

Pastor Steve

Your Neighbors in the Pew: Chuck & Cecelia Cruickshank

By Julie A. Best

Chuck and Cecelia Cruickshank are people of the land. They were born and raised in farm country in the Finger Lakes region of New York. Cecelia was the oldest child with a younger sister and brother. Her father was a physical therapist at the VA Hospital. Chuck was the oldest of three boys in his family, and in the early days they lived on a fruit farm. While they didn't go to the same school, their school districts were adjacent. Cecelia played string instruments, and Chuck was involved in music as well. So, they often performed together in school productions but Cecelia was in the orchestra pit while Chuck was on stage. Friends introduced them and after going to separate state universities, they were married. A son and a daughter joined the family in a few years.

Cecelia's degree is in music education, which she taught for many years ranging from 3rd-12th grades. She was the traveling music teacher who worked with numerous schools within the school district. She still has a permanent teaching certificate in the state of New York. Chuck's degree is in economics, and his area of interest was agriculture. After college, he worked for Cargill, Land O' Lakes, and the National Dairy Council. He started in the feed industry and later moved to milk supply operations and industry relations. At one point, they lived in Pennsylvania where he assisted in the consolidation of a company merger. He enjoyed working with dairy farmers, many of them Amish, and felt that he made a contribution in helping them understand and accept the changes in the company. Other assignments included member relations from coast-to-coast. While we think of Wisconsin as the dairy state, more milk is produced in the state of California. Chuck says, "Working with California dairy farmers was a new experience!"

Chuck's grandfather was a fruit farmer and a Presbyterian minister. The land, however, came through his grandmother's family. Chuck has fond memories of visiting his grandparents, especially at Christmas time. There was a set of brass bells on a leather harness that his grandmother placed over the horse as she drove the buggy to school during the winter months. Those bells hung on the porch. When Chuck was old enough to no longer believe in the magic of Santa, as the oldest of the grandchildren, it was always his job to slip away from the family while they were singing Christmas carols, and suddenly ring those sleigh bells. That was the signal that Santa had come, and it was time to throw open the parlor door and enjoy the presents. Those 100-year-old sleigh bells now hang in the dining room at their daughter's home.

They moved to Tellico Village in December 2014. Chuck says, "We went church shopping. We visited several churches but decided that we wanted to be a part of a church in the community in which we live." They became a part of our church. Cecelia has been involved with the choir and handbells, and she's also a beautiful quilter contributing to the Village Quilters group. Chuck became one of our bus drivers and developed the training program for other volunteer drivers. He is also a scripture reader, an usher, and a member of the Guy-to-Guy ministry.

An area that is near and dear to their hearts is the Tennessee Blue Bird Society. Chuck went to the birding club soon after they moved, and immediately became interested in fostering keener interest in the cavity-nesting birds in Tennessee. That group has flourished and has increased the number of nest boxes throughout the state from 300 to 1,700 boxes resulting in many more birds fledged annually. Many of the boxes are outfitted with cameras so you can see the nesting activity, the eggs, and then the birds. Chuck cooks for the birds! His specialty is suet cakes, and the birds love them. During the nesting season, they will go through two suet cakes every day.

We never stray far from our roots. Chuck and Cecelia are still people of the land. They still care for the environment and wildlife. Through these interests, they promote activities and services that benefit our lives. They see needs and are willing to do what they can to meet those needs. Chuck and Cecelia have done just that right here in our community and church. Thank you, Chuck and Cecelia, for your dedication and contributions.

"We went church shopping. We visited several churches but decided that we wanted to be a part of a church in the community in which we live."

MISSION OUTREACH

CCTV Mission Outreach has been busy during the spring!

CCTV Scholarships

Members of the scholarship *ad hoc* team received 27 applications for our scholarships. All candidates were interviewed and found to be exceptional students. After prayerful discernment, one candidate was selected from each of four local schools—Greenback High School, Lenoir City High School, Loudon High School, and Sequoyah High School. Each of these four students will be presented with an initial scholarship of \$2,750 that is renewable for an additional 3 years, potentially valued at \$11,000. The congregation of CCTV is blessed to be able to impact these students' lives in positive ways. We look forward to introducing them to you on Scholarship Sunday, June 23, along with our continuing scholarship recipients.

YOU'RE INVITED to Dinner with Sister Didi Mojapelo

CCTV is pleased to be hosting Sister Didi from the Refilwe Bophelo Clinic in South Africa during her visit with partner congregations in the United States. You are invited to meet Sister Didi and her husband Pastor Moalusi at a dinner hosted by CCTV Mission Outreach on Monday, May 13 at 5:30pm in the Fellowship Hall (CLC). Didi will share with us about her ministry in Lanseria, just outside of Johannesburg, in local disadvantaged informal settlements where many do not have a regular income or available transportation. Refilwe Bophelo Clinic was founded in this area to provide an affordable medical service. Their belief is that medical care should not be denied to any, so services are provided even if the patients are unable to afford their small fee. Be sure to come and meet Didi and learn how God works through her ministry to provide essential medical services in an area of immense need.

Storms of Our Lives

By Jeannine Wolf

I recently read that the upcoming hurricane season is expected to be more active and could possibly break records for the number of storms in a season. From what I understand, the combination of La Niña and a record warm water temperature are major factors for the development of these storms.

When visiting a historical museum in Galveston, Texas, my husband and I learned that the Great Galveston hurricane of September 1900 is considered the deadliest natural disaster in US history. Around 8,000 people were killed, and over 7,000 buildings were damaged with over half being demolished homes. The mind-boggling before and after photos displayed a very graphic picture of how truly devastating this storm was. I could only imagine what the survivors must have felt.

Today, with reliable information and weather forecasting, most people have time to prepare, unlike the people of the 1900s who were taken by total surprise. Also like those victims, we can be taken by surprise when events or storms occur in our lives. Accidents, illnesses, deaths, divorce and financial difficulties can happen and blindsides us. However, we do not have to deal with those storms alone. A Stephen Minister can give you both support and hope as you navigate these storms. Just as Jesus calmed the seas while in the boat, a Stephen Minister can help navigate you to calmer waters. Contact the church office to get in touch with one of our leaders.

Sabbatical Announcement

This summer I will be taking a short sabbatical. The six-week sabbatical begins on May 20, and I am extending it with a week of vacation and continuing education. I will return to the office on July 15. Our good friend David Glover, together with Andrew, will be leading the choir and worship during this time. I plan to spend the time working on home projects, exploring some new skills, and possibly traveling with the family. My email and phone will still be active if you need to contact me, but I will not be in the office much during this time.

Spring Craft & Bake Sale - Report & Thanks

Volunteers Make Craft and Bake Sale a Sweet Success

The Crafters Spring Craft and Bake Sale was a huge success, raising \$10,241. A big thank you goes out to all of the volunteers and shoppers who made this event possible through their hard work and generosity.

First, we want to express our gratitude to the bakers who shared their talents baking delicious cakes, cookies, breads, and other scrumptious treats. Your baked goods were in high demand and sold like hot cakes! We also want to acknowledge all the crafters who donated their time to make beautiful handmade items for the sale. The Fellowship Hall (CLC) was overflowing with jewelry, quilts, mailbox covers, floral arrangements, and other one-of-a-kind creations. Your talents were on full display. A heartfelt thanks to all the volunteers who staffed the sale by setting up, pricing bake goods, selling items, providing security, bagging, totaling and cleaning up at the end of the sale. Your time and effort are what truly made this event run so smoothly. Finally, a big thank you for all who attended the sale and supported us with your purchases. Because of all your contributions, we raised a wonderful sum that will fund the Church Crafters Scholarship as well as charitable organizations in Loudon and Monroe counties. We couldn't have done it without each and every one of you!

The Crafters meet Mondays from 9:30-11:30am. Crafting experience is not necessary. We would love to have you join us for crafting and fellowship.

The Stewardship of Time & Talent

Stewardship is about using our resources wisely.

It's about more than the finances we commit to our church.

It's about investing in activities that are both meaningful and make a positive impact on oneself and others.

It's about managing one's time and skills.

It's about recognizing the value of these personal assets and using them to contribute to the overall well-being of others.

The **Congregational Care Team** is an active arm of CCTV that requires minimal dollars of support while making major impacts on the lives of recipients and participants through the gift of volunteers. This team, under the leadership of Lynne MacConnell, dramatically elevated and increased the breadth and impact of the Congregational Care Team during her 5-year tenure. Lynne stepped aside in 2024 to be available to assist and care for her husband, Len. Thank you, Lynne, for your commitment and service!

The guideline of the Congregational Care Team is to develop ministries that assist the pastors in bringing care to our church members and others through all the seasons and experiences of life. Below is a list of the activities overseen by the team and made possible through the stewardship of volunteers.

- Prayer Shawl Team, prayerfully providing shawls for distribution for those who are experiencing challenges and loss.

Thank You to Our Kitchen Coordinator

As the seasons change and signal transition to warmer weather, we find ourselves both saddened and joyful to announce that our beloved kitchen coordinator, Lee Rook, will be transitioning off CCTV staff at the end of the summer. Her dedication, warmth, and tireless service have enriched our church immeasurably. While we will dearly miss her presence, we celebrate the exciting journey that awaits her. If you see Lee around the church, please take a moment to express your gratitude for her service and dedication.

As we bid her farewell, we also look ahead with anticipation. In the coming weeks, we will embark on the process of searching for her successor, and we invite those who feel called or know someone who would do well in this vital ministry to reach out to the church office.

Guy-to-Guy Ministry

Do you know a man who appears lonely, disconnected or even isolated due to health and/or life's circumstances?

Guy-to-Guy is about developing friendship, sharing a cup of coffee, telling "fish" stories, talking sports, enjoying a few laughs, playing a hand of cards, or simply connecting with another man.

There are volunteers ready and eager to come alongside, make room for a relationship, and perhaps fill a void for another man.

Make a referral of someone you know who would benefit from Guy-to-Guy by calling the church office (865-458-1516).
